

From our Kitchen

After 30 years in Muskoka, we are, perhaps, best known for our home-made soups. We have vegetarian, vegan, gluten-free, kid-friendly and, of course, meataterian options; something for everyone.

Our fridges/freezers are also full of oven-ready meals, frozen pizzas, fresh salads, marinated meats, burgers, sausages and a host of other good things that you will want to take home

Soups – we make approximately 40 different soups. Our 32oz container will satisfy between 2 to 4 people (main course vs. side); prices starts at \$10.50. Here are a few of our most popular options (there are many more). Ve=vegan; V=vegetarian; GF=gluten-free; DF=dairy-free
